VOL. XXXVIII, 1944-5

Note.—In this volume two series of numbers are used for pagination, one being the sectional page number and the other the volume page number. The latter only is used in the Index

- Abrahams, Sir Adolphe**, development of health in adolescents (*Disc.*), 241
- acne**, infantile (W. N. Goldsmith), 228
- acromegaly** with pregnancy (J. Morgan), 326
- acroparaesthesia** (S. Behrman), 600
- actinomycosis**, cervico-facial (A. B. MacGregor), 639
- penicillin therapy (E. C. B. Butler), 481
- Adams, A. W.**, 1945 replica of large ureteric calculus removed 1909 (*By title*), 650
- tuberculous bladder and internal genitals from a boy of 10 years (*By title*), 243
- Adams, P. E. H.** (*Disc.*), 168, 665
- notes on glaucoma, 31
- Adams, S. B.**, rationale of radiotherapeutic technique in carcinoma of the larynx (*Disc.*), 349.
- Adams, W. S.**, treatment of endocranial complications of otitic origin (*Disc.*), 429
- adolescents**, development of health in (*Discussion*), 237
- Ainsworth-Davis, J. C.**, hydronephrosis with large diverticulum of renal pelvis (*By title*), 650
- sulphonamides in urinary disease, 650
- Aird, I.**, penicillin in the treatment of disease in childhood (*Disc.*), 569
- Airey, F. S.**, (*Disc.*), 142
- pigmented birth-marks treated by thorium-X, 142
- Aitken, D. McC.**, late results of Albee fixation of tuberculosis of the spine, 685
- Allott, E. N.**, blood electrolytes in clinical medicine, 267
- alopecia** and psoriasis (A. B. Carleton), 500
- aluminium**, effect on eye (L. H. Savin), 471
- American Independence**, War of, and Edward Bancroft (Sir Arthur MacNalty), 7
- amputation** stump, verrucose dermatitis (L. Forman), 145
- anaemia**, aplastic, treated by splenectomy (M. E. Shaw), 479
- in pregnancy, Rhesus-negative mother and Rhesus-positive infant (J. Morgan), 326
- anaerobic** infection of finger, treated by penicillin (E. C. B. Butler), 69
- anaesthesia**, expiratory force as sign in (H. J. V. Morton), 441
- in the dental chair (*Discussion*), 231
- intrasternal (W. W. Mushin), 307
- anaesthetics** in a Field Surgical Unit in the B.L.A. (R. Binning), 549
- analgesia**, spinal, in the very young (W. Etherington-Wilson), 109
- serial (J. A. Lee), 115
- angiokeratoma** (F. Sherry-Dottridge), 334
- ankylosis** and osteoarthritis of hips, excision of femoral head and neck (J. S. Batchelor), 689
- anxiety**, biochemical aspects (D. Richter), 674
- aortic** regurgitation and stenosis of innominate artery (A. L. Jacobs), 481
- appendicitis** in newborn (W. Etherington-Wilson), 186
- argyria**, occupational (J. E. M. Wigley and P. M. Deville), 227
- arsenical** carcinomata from bromide mixtures (B. F. Russell and R. Klaber), 128
- arthritis**, rheumatoid, management of (F. Bach), 205
- with subcutaneous nodules (K. P. Ball), 134
- arthrodesis** of hip-joint (*Discussion*), 363
- asphyxia**, experiments in (R. R. Macintosh), 306
- Attenborough, V. M.**, three sisters with familial corneal dystrophy, 37
- Auenbrugger, Leopold**, discoverer of percussion (S. L. Cummins), 409
- auscultation** and percussion, discoverers of (S. L. Cummins), 409
- Avery, H.**, pseudohypertrophic muscular dystrophy (*By title*), 568
- Bach, F.**, management of rheumatoid arthritis, 205
- Bacharach, A. L.** (*Disc.*), 342
- B. coli** pyelitis, diagnosis and treatment (*Discussion*), 188
- Bailey, L. D.**, training in physical medicine—looking ahead, 97
- Ball, K. P.** (for G. E. Beaumont), Pummer-Vinson syndrome with a post-cricoid web, 134
- rheumatoid arthritis with subcutaneous nodules, 134
- (for R. A. Young), carcinoma of the trachea, 133

- Bancroft**, Edward, and the War of American Independence (Sir Arthur MacNalty), 7
- Bankart**, A. S. B., case of pathological dislocation of the hip—and what happened to an epiphyseal transplant, 618
- Barker**, A. N. (Disc.), 228
- Barnard**, W. G., pathology, 19
- Barnes**, J., chocolate cysts of the ovary (ovarian endometriosis) and pregnancy: a report of two cases occurring in sisters, 324
- Bartemeier**, L. H., recent civilian experiences with psychiatric rehabilitation, 680
- Batchelor**, J. S., excision of the femoral head and neck in cases of ankylosis and osteoarthritis of the hips, 689
- Bateman**, G. H., demonstration of R.A.F. hearing tests (Disc.), 638
- Bauwens**, P., physical methods in the management of septic conditions, 577
- Bayon**, H. P., John Zephaniah Holwell (1711-1798) and the Black Hole of Calcutta, 15
- Beales**, P. H., acute osteomyelitis of tibia and femur, 67
- osteomyelitis of tibia, 66
- Beattie**, J., influence of nutritional factors in liver disease (Disc.), 107
- Beaumont**, G. E., Plummer-Vinson syndrome with a post-cricoid web, see Ball, K. P.
- rheumatoid arthritis with subcutaneous nodules, see Ball, K. P.
- Behrman**, S., acroparæsthesia, 600
- case of myasthenia gravis showing recurrent monocular paralytic manifestations, 664
- exophthalmos following abrupt discontinuation of thyroid medication for obesity, 665
- Belgium**, health of children during and after the German occupation (R. W. B. Ellis), 149
- Benesch**, R., biochemistry and psychiatry (Disc.), 677
- Bennett**, T. I., gastritis (Disc.), 81
- Banning**, R., brief account of anæsthetics given in a Field Surgical Unit in the B.L.A., 549
- biochemistry** and psychiatry (Discussion), 671
- birthmarks** treated by thorium-X (F. S. Airey), 142
- Black Hole of Calcutta**, J. Z. Holwell and (H. P. Bayon), 15
- bladder** and kidney tumours, radiotherapy (Discussion), 247
- injury following childbirth (J. C. Moir), 657
- Blomfield**, G. W., post-war organization for the treatment of cancer (Disc.), 152
- Blomfield**, L. B., intramuscular vascular patterns in man, 617
- blood** coagulation, factors concerned and their clinical significance (Discussion), 399
- electrolytes in clinical medicine (E. N. Allott), 267
- Blum**, G., experimental observations of the use of absorbable and non-absorbable plastics in bone surgery, 169
- Bodger**, H. W. S., see Steele-Bodger, H. W.
- Bodian**, M., penicillin in the treatment of disease in childhood (Disc.), 572
- ? **Boeck's** sarcoid (J. E. M. Wigley), 125
- bone** defects, restoration with cancellous chip grafts (A. R. Mowlem), 171
- surgery, use of plastics in (G. Blum), 169
- tumours, radiological implications (J. L. A. Grout), 345
- Bonnalie**, F. E. G., see Graham-Bonnalie, F. E.
- Bourne**, H. K., photographic record of follicular keratosis, 336
- Brailsford**, J. F., significance of the latent period which elapses between onset and radiographic appearances, 555
- Brain**, R. T., necrobiosis lipoidica, ? Schamberg's disease, see Kindler, T.
- Brain**, W. R., exophthalmos and endocrine disturbance (Disc.), 666
- brain**, abscess, diagnosis and treatment (Discussion), 431
- Bransby**, E. R., veterinary and medical control of the milk supply (Disc.), 259
- breech** presentation with fracture of foetal neck: recovery (L. O. Watt), 326
- Brincker**, J. A. H. (Disc.), 316, 476
- Brockington**, C. F., veterinary and medical control of the milk supply (Disc.), 258
- Brockman**, E. P., cases of chronic suppurative osteomyelitis, see O'Connell, J. G.
- Brown**, L. G., causes of failure in the surgical treatment of chronic frontal sinusitis (Disc.), 297
- conclusions based on twenty-five years' practice in mastoid surgery, 413, 420
- lesions of the facial nerve due to war injuries and their repair (Disc.), 633
- treatment of carcinoma of the larynx (Disc.), 361
- treatment of endocranial complications of otitic origin (Disc.), 430
- Brown**, M. F. F., see Forrester-Brown, M. F.
- Bruenauer**, S. R. (Disc.), 342
- buccal** inlay operation, prosthetic aspect (B. W. Fickling), 199
- Bullock**, F., principles and relationships involved in medical and veterinary education (Disc.), 123
- Burrows**, A. (Disc.), 126, 127, 332
- after-results of treatment of severe lupus with Finsen light (8 cases), 145
- pemphigus vulgaris showing arsenical pigmentation, see Feeny, P. J.
- pityriasis lichenoides chronica, see Kindler, T.
- three cases of port-wine stain treated by thorium-X, see Feeny, P. J.
- Butler**, E. C. B., anaerobic infection of the finger: systemic penicillin, 69
- cervico-facial actinomycosis: penicillin therapy, 481
- staphylococcal septicæmia; osteomyelitis of femur; penicillin therapy, 69
- staphylococcal septicæmia; osteomyelitis of pelvis; recovery, 68
- Buxton**, J. B., principles and relationships involved in medical and veterinary education (Disc.), 120
- Cade**, S., post-war organization for the treatment of cancer (Disc.), 152
- radiotherapy of tumours of the kidney and bladder (Disc.), 247
- Cairns**, H., diagnosis and treatment of cerebral abscess (Disc.), 440

- calcinosis in a case of chronic nephritis with secondary hyperparathyroidism (J. E. M. Wigley and D. Hunter), 141
- calculi, renal, and carcinoma of lung (J. E. G. Pearson), 133
- Caldwell-Smith, E. L., war psychiatry in the Merchant Navy (Disc.), 225
- cancellous chip grafts for restoration of bone defects (A. R. Mowlem), 171
- cancer, treatment, post-war organization for (Discussion), 147
- Canfield, N., demonstration of R.A.F. hearing tests (Disc.), 637
- highspeed motion pictures of the human vocal cords (Film), 628
- primary war injuries involving the nose and sinuses, 627
- tantalum implants for skull defects (Disc. on Causes of failure in surgical treatment of chronic frontal sinusitis), 293, 298
- treatment of carcinoma of the larynx (Disc.), 361
- treatment of endocranial complications of otitic origin (Disc.), 429
- Capps, F. C. W., an upper respiratory clinic for children (Disc.), 535, 543
- carcinoma of cervix uteri, radiotherapy (B. Sandler), 175
- of colon, pathology and treatment (Discussion), 377
- of larynx, rationale of radiotherapeutic technique (Discussion), 348
- treatment (Discussion), 353
- of lung, and renal calculi (J. E. G. Pearson), 133
- of œsophagus, resection with œsophago-gastrostomy (I. Lewis), 482, 483
